STATEMENT OF SUBSTANCE OF INTERVIEW

Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, Mail Stop Amendments
401 Dulany Street
Alexandria, VA 22314

Sir:

The Interview Summary attached to the Notice of Allowance requires, in the last paragraph thereof, a formal written Reply by the applicant. This should not be necessary as the interview was initialed by the examiner, and the Interview Summary form which should have been used is the Examiner Initiated Interview Summary form, PTOL-413B, which does not require a response by the applicant.

Nevertheless, as a requirement has been made, applicant confirms that agreement was reached to place the claims in better form for U.S practice, whereby the present application has been formally allowed.

Appln. No. 10/531,273

Respectfully submitted,
